PREMIUM FOR SHARP EYES

How to Make It Fully Explained—Next Sunday's "Democrat" Gives the Opportunity.

Can you spell? Can you detect errors in spelling?

In next Sunday's DEMOCRAT there will be a certain word spelled incorrectly in a certain advertisement.

The person who detects this particular error and makes first report of it to this office will be given TEN DOLLARS IN GOLD by the DEMOCRAT. A memorandum of this particular typographical error has been made and placed in a sealed envelope and given into the keeping of Mr. R. H. Moses.

Other errors may inadvertently occur and may be detected by the sharp-eyed reader, but this particular error must be discovered to earn the prize.

Answers must be in a sealed envelope and may consist of as many errors as occur in Sunday's paper, provided the particular word that has been selected be among them.

Answers will be received at the DEMOCRAT office commencing Monday and closing at 6 p. m. Tuesday next.

AFTER THE "CRAP" PLAYERS

They Will Be Arraigned in Court—Given Away By a Fight.

Several days ago a general fight occurred in a "crap" dive on Main street in a room over a blacksmith shop. In the melee guns were drawn and for a time it looked as if the floor would be covered with gore and several Senegambian skins perforated with bullets. All of the fighters were negroes.

Yesterday afternoon Louis Ellis and Wm. Wood were arraigned in Justice Fisher's court, the former to answer to the charge of flourishing a pistol, and the latter for disturbing the peace. Their cases were continued until the 15th. This morning they were again arrested by Constable Gossage for gambling and their bonds placed at \$50 each, to appear on the 15th also. Theodore Jackson was also caught in the same net and will be given the same opportunity to tell what his connection was with the seductive ivory.

Constable Gossage states that there will be some lively times for certain other parties.

Home Rule For America.

Our people were much impressed by the lecture delivered by Rev. Anna Shaw last October on the "Fate of Republics," and were very desirous to hear this brilliant lecturer again. The ladies of the W. C. T. U. were then the first to introduce her to a Sedalia audience and endeavored to arrange for another lecture at that time but other engagements prevented and her agent could not name another date until Thursday, June 22. The W. C. T. U. have therefore been glad to secure her for that date. The subject of her lecture will be "Home Rule for America." On Thursday evening, June 22, this lecture will be given at the Christian church and a full and free invitation given to all. No cards or tickets. Come.

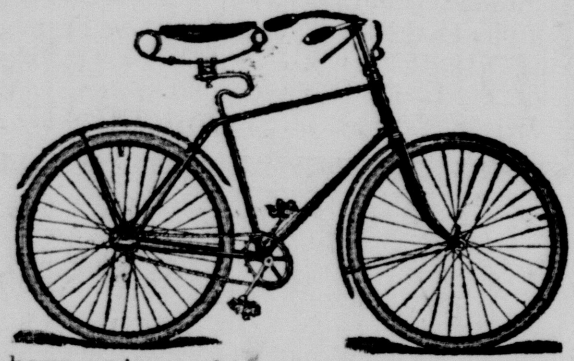

Delicacies of the Season.

Orange and mint phosphate, ice cream soda, egg cream, sherbert, egg cream chocolate, egg cream coffee, crushed strawberries, pineapple, orange, raspberry and apricot cream soda, all flavors in plain soda; ice cream, ices and fruit ice cream. Churches and parties furnished with pure ice cream at one dollar per gallon at Sicher's Cafe.

Can Play Sunday Ball.

"There is no occasion for the Sedalia ball club going to Glasgow to play on Sunday," said one of Sedalia's leading lawyers to a DEMOCRAT reporter to-day. "If Manager Butts wants to arrange Sunday games to be played here there is no law to prevent it. The recent decision of the supreme court settled that point beyond question, and if it is a misdemeanor to play ball on the Sabbath, then it is also a mis-

demeanor to play on any other day in the week."

Manager Butts stated this afternoon that he could get the best amateur clubs of St. Louis and Kansas City for Sunday games here, but the directors of the fair association refuse to rent the grounds, and there is no need of looking elsewhere for a suitable location for playing.

Assaulted a Woman.

Gideon Perkins assaulted Mrs. Mary Parker, wife of a shoemaker, with a stick of wood last evening and severely beat her. He was fined \$15 and cost in Justice Fisher's court to-day, and is now in jail.

Had a Lolly Time.

The Elks had a "high old time" last night and initiated four candidates, Elmer Murray, F. W. Phipps, A. R. Easton, jr., and Jno. Bowman. The latter is said to be still in a state of nervous prostration, and it is doubtful that his hair will ever again be at an angle other than that of the bristles on a blacking brush.

Police Court.

The following docket was disposed of by Recorder Rauck this morning:

Harry Long, who was released from the county jail yesterday morning, was fined \$5 for intoxication and sent to the rock pile.

W. T. Saunders, for disturbing the peace of his wife, was fined \$7.

Many Coming to Sedalia.

There are a great many people that come to Sedalia every week that are looking for city property, either to buy or rent. Also, farming lands in this locality. The firm of Morris & West, 214 Ohio street, would be pleased to have any or all such parties to call on them and look over their large list of city and farm property, for sale, rent or exchange. Call on them if you want anything in the real estate line. They guarantee satisfaction and straight dealing.

THE RIGHT PARTIES.

Deputy Sheriff Ramsey En Route Home With the Late Fugitives.

The four individuals arrested at Oswego, Kas., as chronicled in yesterday's DEMOCRAT, proved to be Pettis county's escaped jail birds—George and Levi Patton and Horace Umbles, colored, and W. T. Grubbs, white—as was learned by a telegram received this morning from Deputy Sheriff Robert Ramsey, who left last evening for Oswego.

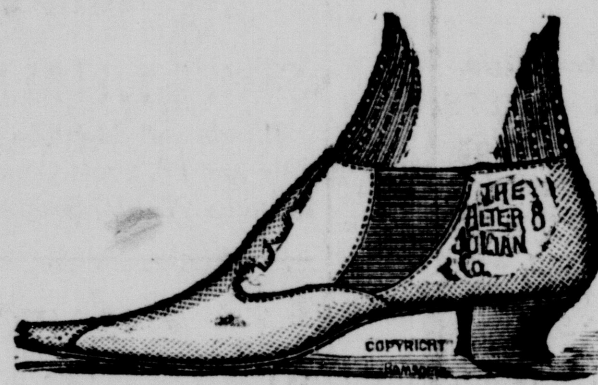

It appears that one of the Patton boys, believed to be George, was taken in custody while in the act of committing a burglary at Oswego, and it is possible that he will be held for prosecution there.

Fell From a Scaffold.

Dan Dean came near meeting with a serious accident while working upon a house at Third and Massachusetts yesterday. While near the ridge of the roof, a scaffolding

THE DEMOCRAT,
Sedalia, Mo.

Office: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

CAN YOU FIND IT?

The DEMOCRAT offers ten dollars in gold to the reader who discovers a certain misspelled word in a certain advertisement in Sunday's issue.

If you are a good speller this is an easy way to make ten dollars.

You should read the advertisements anyhow; they will inform you as to ruling prices on all staple articles of commerce as well as who are the leading tradesmen in all lines.

In other words, to read the advertisements in Sunday's issue will give one a bird's-eye view of Sedalia's business.

Then we offer you ten dollars in gold as a reward for having learned to spell.

THE CONFEDERATE HOME.

There was dedicated at Higginsville to-day one of the grandest charities of the century.

It is a home for the indigent and disabled confederate veterans and for the wives and children of these brave men.

The movement is worthy of the grand old commonwealth of Missouri, and that it has been aided by confederate and federal alike is a high testimonial to the generosity of our people.

The confederate soldiers of Missouri won imperishable fame upon hundreds of bloody battle fields in the south.

They enlisted from devotion to principle, and, even after their own state was lost and their homes in the hands of the enemy, they followed the stars and bars as bravely as though they were battling for their own state.

As the worn and tattered gray ranks were contracted after each bloody battle, the Missouri soldier always found a place at the front, and not a southern state but was enriched by Missouri blood.

And then, when the terrible conflict was ended; when, outnumbered but not outdone, the gray ranks gave way before the impetuous rush of a triumphant foe, when the loved banner was furled and the cause went down to its death in blood, the worn, maimed and mangled Missouri confederates came straggling home to commence anew the battle of life.

Somewhere and somehow they hunted up their loved ones who had been scattered by the tempest of war.

They found homes destroyed; stock gone; fields grown up in weeds and briars; but they faced poverty as bravely as they had faced cannon shot, and their fortitude under defeat added new luster to the glory they had won upon the field.

And most of them prospered; many grew rich; maimed and crippled though they were, they went to work without a murmur, and fortune, which had frowned upon them in battle, smiled upon them when the sword had been turned into the pruning hook.

Years rolled by until at some reunion they began to think of comrades who were not present and to wonder where they were.

Then they began to inquire after the absent, and the answer came, "Sick," "Destitute," "Disabled."

Then it was that the fortunate many began this movement for a home for the unfortunate few, and the movement has grown from day to day until now in all the great state of Missouri no ex-confederate

veteran who is disabled need want for the comforts of life.

The women of Missouri have done noble work in behalf of the home and without their assistance it would not have been built.

Federal soldiers, too, have contributed to the movement most liberally, and have shown themselves as generous in peace as they were brave in war.

There is nothing political or sectional in this grand charity, and that it has received the support of Missouri people without regard to the part they played in the civil war, shows the most admirable traits of American manhood.

It is given out that President Cleveland is going to recommend the repeal of the Sherman silver purchase law and suggest a scheme of state banks with silver bullion as basis of circulation. But if silver is not a money metal why should it be used as a basis for circulation? If silver is simply a commodity to be measured by gold and sold upon the market, why discriminate in its favor as against iron or any other product? If our goldbug friends don't look out they will get clear over onto the farmers' alliance platform and become committed to the sub-treasury scheme of banking on "non-perishable products."

The DEMOCRAT is anxious for a discussion through its columns of all public questions affecting the prosperity of Sedalia. Whether the city buys a steam roller or not, or whether tramps are arrested or not, is of interest to the DEMOCRAT only so far as it effects the welfare of the city, and we invite any citizen to express his views on such questions through the columns of this paper, whether such views agree with ours or not.

The wise merchant or business man will recognize in next Sunday's DEMOCRAT the best advertising medium that could possibly be offered. The edition will consist of twenty-five hundred copies, so that every Sedalian who cares to compete can have a chance for the ten dollars and the honor of being the champion proof reader.

The McKinley boom for the republican presidential nomination is growing. It looks every day more and more as if the tariff is no longer an issue in American politics. At least it has been shelved to make way for the financial question which was sneered at as a side issue a year ago.

POLITICIANS make party platforms but they don't make public questions. A year ago everybody was talking tariff. Now President Cleveland is about to call an extra session of congress to legislate on the silver question, enact an income tax law and provide for a state banking system.

It is a mighty undertaking for a man of Mr. Bissell's calibre to attempt to convert the democratic party to cold tea, toriyism and mugwumpery.

A DEMOCRAT has as much right to be a fourth-class postmaster as he does to be postmaster general.

MERCHANTS who desire space in Sunday's DEMOCRAT should contract for same at once.

BE sure to get next Sunday's DEMOCRAT and hunt for that typographical error.

HEAD END COLLISION.

A Battling Smashup on the West End—Empty Cars Completely Demolished.

At 7:43 o'clock this morning the third sections of freight trains Nos. 125 and 128 on the Missouri Pacific came together in a head end collision on a down grade curve between Little Blue and Elm Park. Engineer Getty was pulling train No. 128, with Conductor W. Frazer in the caboose, while Engineer Boultheld the throttle for No. 125, with Conductor Collard in the rear. No one was hurt, and the engines did not entirely leave the track. The tender of Engineer Getty's engine was telescoped. Many cars, however, were badly demolished and thrown into the ditch. Most of them were empties, a few being loaded with brick.

The cause of the collision is supposed to have been a mistake in orders. The track was blockaded for several hours and wrecking trains were sent out from both Sedalia and Kansas City. The fast mail left this city via the Lexington branch.

The track was blockaded for sev-

A SAD CASE.

Refused Admittance to the Nevada Insane Asylum.

Sheriff Wilson, of Lawrence county, arrived at Nevada yesterday with Mrs. Lovey Staffle, who lives at Roundtree in that county, in charge.

He conveyed her to the insane asylum, but the management refused to accept her. "It is a peculiarly sad case," said the sheriff. "She will soon become a mother and that condition results in her temporary insanity. On three occasions before this she has been insane, but is worse this time than ever before. Last Sunday she wandered away from home and was exposed to the heavy rain which fell that day. She was finally found seeking shelter in a haystack. The Sunday before that she took her little boy, who is 5 years old, and tramped about 20 miles. One of children, a boy about 13 years old, committed suicide."

The reason assigned by the managers of the Nevada asylum for refusing to accept Mrs. Staffle as a patient was her condition. They did not wish the care of her and her child.

The Revival Meetings.

The large tent in East Sedalia was crowded again last evening to listen to a splendid sermon preached by Rev. J. S. Myers. At the close of the service there were three additions to the church.

A choir of twenty-five young people furnish splendid music, and a great deal of interest is being manifested in the meetings, which will be continued each evening for the next ten days.

A Good Horse Catcher.

Linn Ilgenfritz may not be much of a ball catcher, but as a horse catcher he is a pronounced success. Last evening his horse, while hitched in front of the store, became frightened at a street car, broke loose and commenced running away. Linn made a rush to capture his steed, and was compelled to hold to the shaft to keep from being run over. He finally succeeded in grasping the horse by the nose and at great hazard brought the animal to a standstill.

Completely. Perfectly and Permanently Rejuvenating the Vital Energies; Increasing Nervous Power. Renewing the Ambition of Youth and the

COURAGE OF MANHOOD;

Restoring to Enfeebled, Enervated, Exhausted, Depleted or Overworked Men and Women

Perfect Constitutional Powers.

Its extraordinary curative power manifests itself almost immediately it is taken. On this point the evidence of those who have taken it is uniform and positive. They say they can feel the effect of every dose doing them good. It is a powerful nerve invigorating tonic, imparting its restorative influence through the medium of the nervous system to every organ and tissue in the body. It makes but little difference whether the constitutional vigor has been undermined by acute disease, overwork, or certain mischievous indiscretions; or whether the broken down condition is called by one name or other, so long as there is nervous exhaustion, general or local weakness—so long as enervation and debility are the type of the ailment, this is the remedy.

THOSE WHO SUFFER

from the results of over-mental or physical exertion, hardship, exposure, hidden drains, caprice, or who have brought upon themselves a series of afflictions by ignorantly or wilfully violating nature's laws, will find in **Caton's Vitalizer and Nerve Tonic** the remedy for their certain relief. It speedily removes all evidences of progressive physical deterioration, and restores the enfeebled energies to their natural vigor.

WHENEVER THERE IS

any weakness of the vital organs, nervousness, prostration of the physical or mental energies, confusion of ideas, lack of self-confidence, irritability of temper, melancholy, cowardice, weakness of the knees and back, palpitation of the heart, dragging pain in the loins, headache, irritation of the kidneys and bladder, milky urine, pernicious and hidden wastes, resulting in a failure of the mental and physical powers, constituting an impediment to success and unfitting him or her for the duties and responsibilities of life, it is the remedy par excellence.

A single package will be sufficient to inaugurate the work of regeneration, and cure in many cases. But stubborn cases often require more. It will be sent, postpaid, secured from observation, for \$1.00 per package, or 6 packages for \$5.00. Address all orders to

The "Corn Huskers" of Georgetown defeated the "Eclipse" base ball nine in North Sedalia yesterday by a score of 26 to 11. The features of the game were the work done on base by Jim Wheat, of the "Huskers." The batteries for Georgetown were Johnson and Smith, and for Sedalia, Hardin and Lovell.

HOW CAN YOU RELISH FROZEN SEWERAGE?

Dr. L. Bremer, of St. Louis, Mo., in an article published in the April number of the Bacteriological World, at Battle Creek, Mich., says:

"Whoever has seen with what utter disregard to the simplest hygienic precautions that natural ice is gathered, must be astonished, if he be familiar with the mental teachings of bacteriology, that epidemic diseases are not more frequent. I am sure that to the tumbler and the ice box are traceable many a case of typhoid and diphtheria. The ice box especially offers the greatest opportunities for food contamination."

THE POULTRY BREEDERS.

What a Sedalia Gentleman Says on
the Subject.

M. L. Andrews, of this city,
secretary of the State Poultry associ-
ation, writes as follows to *Cole-
man's Rural World*, St. Louis:

Probably a few notes in regard
to our State Poultry association and
the meeting of the executive com-
mittee in Sedalia May 20th will
interest some readers of the *Rural*.

Just one year ago on May 20th
our association was organized at
Sedalia with twenty-four members,
and at the close of our first show,
last December, we had the names
of 121 members on our books.
Quite a number of these have re-
newed their membership for another
year, but some of them have not,
as yet, remembered the association
with their dollar; probably they have
been too busy caring for the chick-
ens they expect to show next De-
cember.

Our first show was a successful
one but there is room for much im-
provement, and we want the co-
operation of all reliable breeders in
the state (and out of it too) to
help make our next show one of the
best, if not the best, ever held in the
west.

At executive committee meeting,
J. E. Rundell, of Lamar, F. M.
Durand, of Knobnoster, G. W.
Fry, of Dunlap, and myself were
present, J. A. Ayres, of La Plata,
being absent on account of sick-
ness. It was decided to hold our
next show at Sedalia, provided sat-
isfactory arrangements could be
made on, the dates December 12
to 15 inclusive. Entries are to be
free. Theo. Hewes, of Trenton,
and C. A. Emry, of Carthage, are
to judge the birds.

We have started out a "Homer"
to gather in some funds to offer as
premiums, and returns are begin-
ning to come in already, with pros-
pects of success.

THE PENSION LIST.

Congressman Jno. T. Heard Talks to
Springfield Politicians An-
other Day.

"What has been needed and
what many congressmen have all
along urged," said Congressman
Heard to a Springfield *Democrat*
reporter, "is the publication of the
pension lists. That would have
headed off a great deal of fraud.
We tried without success to make a
provision for the publication of the
list, and now that the newspapers
have taken it up I believe that much
good will come of it. Publicity is
a great thing to head off fraud."

Congressman Heard has more on
his hands with a swarm of politi-
cians than two men deserved to
encounter at one time. But he
kept an even temper and he heard
all with patience. There were cau-
ses held in different rooms and
there was hobnobbing in the corri-
dors of the Metropolitan hotel, and
before he left Congressman Heard
had information to throw to the
birds.

In the afternoon Mr. Heard moved
over to the Ozark hotel and
talked to men on the north side.
To-day he will leave for a visit to
Bolivar.

Suspended the Marshal.

At a meeting of the Nevada city
council Tuesday night Mayor M.
T. January suspended City Marshal

Be it resolved by the council of the City
of Sedalia, Missouri, as follows, to-wit:

That we deem and declare it necessary

TEXTS:

"Saving your soul saves the devil cordwood.
Saving sugar sharpens your teeth for a big-
ger bite of the other fellow's tobacco.
Saving trouble with your mother-in-law saves
you more fun than a box of monkeys."

Saving your brains from being buncoed

A SLAUGHTER OF FURNITURE

AT A PEREMPTORY SALE.

FARNHAM & CRAWFORD, a most reputable firm, failed in business. They had many thousand dollars' worth of Parlor, Hall, Sitting Room, Bed Room, Library and Kitchen FURNITURE on hand. The stock was perfect. It was solid and honest and fashionable. They could not sell it. They could not pay their debts, hence they put

A MORTGAGE

Upon their stock. What is a mortgage? In the dreadful language of the Norman French medieval law a mortgage is literally a "death-pledge." It sounds uncanny, does it not? It is unwholesome and uncomfortable enough to the ear, isn't it? Well, it is exactly as bad as it sounds. It means the death of all profit, a death to the business, a ruin of hopes, a destruction, a dissolution, a pledge to SLAUGHTER.

Now, what is one man's loss is another man's gain. The purchaser at a **MORTGAGE SALE** makes what the other man loses. A forced sale is always a bad sale for the seller.

Do you want any **FURNITURE** now? Will you want any for the next year? If so, hurry. The goods are going. "You should strike while the iron is hot." A lost opportunity had better never been. As Lord Bacon, under the name of William Shakespeare, said of a person who lacked nerve: In him

"The native hue of resolution
Is sicklied o'er with the pale cast of thought,
And enterprises of great pith and moment
With this regard their currents turn away
And lose the name of action."

In other words, don't think too much or too long, but "jump at the chance." "The early bird catches the worm."

Remember the place, next door to Holcomb's; remember the time, NOW.

THE FRUIT PROSPECTS.

What Secretary Goodman Says of the Outlook.

The DEMOCRAT is in receipt of a circular letter from L. A. Goodman, secretary of the State Horticultural society, giving information in regard to the fruit crop in this state. He says:

The strawberry crop has been light, and will be so, all over the state. It is an exception to see otherwise.

Raspberry vines were injured during the last summer and fall so badly that the crop will not be above one-half a full one, at the most.

Blackberries will be plenty where the rust has not injured the vines. Some were injured by the winter, but not as badly as was expected.

Grapes, in many places the first buds were cut off by a severe frost, but the second buds have given promise of a fair crop, after all.

Cherries have dropped so badly that we cannot expect more than one-third of a crop. The weakened condition of the trees is the cause in some instances, and the cold rain and frost the cause in other cases.

Plums are nearly a failure, only in a very few exceptional cases.

Peaches will be a moderate yield in most of the northern and central portions of the state, while the southwest will be nearly a total failure, on account of the freeze during blooming time. In the southeastern and southern parts of the state the crop is very spotted.

One thing is sure and that is, that all the peaches are killed on the low lands, while the ridges are generally full enough. In some instances the fruits were killed on some farms and yet on those adjacent there will be a fair crop. We may be sure, however, that there will be no great surplus of peaches this year, and yet the crop scattered all over the state will give us a good many in the aggregate.

The pear crop will be about one-half of the usual amount, while the apple crop will probably be one-half of an average crop.

Wonder of the Century.

Edison's phonograph, the wonder of the nineteenth century, at McGowan's drug store for one week, affords opportunities for ladies and children to hear this wonderful instrument never offered them before.

Got the Reward.

J. H. Caldwell, of Green Ridge, is the owner of the horse which Warrensburg officers arrested Ed Eads for having stolen. He was taken from his place on the night of June 3rd and sold by Eads to W. T. Sprague for \$20. Sprague lives ten miles southeast of Warrensburg, on Bristle Ridge. The horse was located by Marshal Morrison, who notified the owner and he came over and got his horse. He paid the \$20 reward to Marshal Morrison, the amount he offered for the finding of the horse, and Sprague is out the \$20.

WORLD'S FAIR VISITORS.

On your way to the Columbian Exposition make use of the opportunity of stopping off a day or so in Kansas City to visit the store. To wait until you reach the World's Fair city to make purchases of the things you need, will mean to pay inflated prices.

There are but few houses in the country of the magnitude of our store, and for the summer season we are in better trim than you have ever known us.

Preciseness, carelessness, or audacity in the printings of summer silks and wash goods, —choose according to your taste.

Quiet elegance in every fold of the lovely evening tints of wool and silk fabrics.

A whole mountain range of novelties in dress goods. Handsome styles that make up into dresses you can't pass on the street without noticing.

A woman's instinct for style is something to be wondered at. In seeking it she is led straight to the mark. Little, through the papers, has been said of our dress making departments; but, the peculiar prettiness, the genius, the taste, the originality of the thousands of costumes turned out, when seen on street or cars, in parlors or halls, at receptions or dinners, or parties, at the lake side or seashore or mountains, speak volumes for us, and tell a tale in stronger terms than ever printer's ink could.

You can't make a mistake in putting lace on almost anything you wear. Don't hurry to make a choice. Take time. You can't see all the surprises we have for you in ten minutes or an hour. Look till you are satisfied and buy when you are pleased.

Twice over the biggest ribbon stock in the west.

How many styles of handkerchiefs do you suppose we have? If we were to put the number into figures it might look like exaggeration.

Every step thro' that beautiful, light, airy millinery room will show you something to long for. Every trimmed hat gives evidence of an artist's touch. Nature's most delicate, most rare, most handsome buds and blossoms and leaves have been reproduced with marvellous exactness, and are here in bewildering quantity and variety. Something for every taste.

The perfection of fit and the beauty of the new shades in kid gloves are their chief charms. No matter what may be the coloring of your dress or bonnet, we can match them in gloves.

What would be considered an unusual stir in hosiery and underwear anywhere else, happens here every day.

To the careless eye most shoes are alike when new; but wait. Let a month pass. Now see. It pays to buy a dependable shoe. It pays to trade with dependable people. "Wear-till-you-are-weary" shoes for the boys and children. Ladies' easy shoes for walking while sightseeing.

Trunks and traveling goods. Every little need and convenience may be had here. Nothing neglected even down to a folding drinking cup.

O. R. S. umbrellas. Safe to buy these with your eyes shut. Guaranteed.

If you have an odd five minutes peep into the cut glass and silverware depts., all a glitter and sparkling under incandescents.

A basement full of things to help you make housekeeping easier. Often times the things least costly are the greatest time and labor savers.

Let the elevator lift you to the third floor; or, if you prefer, mount the easy stairway. A suit for your boy when he's on his dignity; another for him when he goes rough and tumble; every kind between the two extremes; all from the best makers in the world. On this same floor, capes and jackets to turn off the fresh lake breezes. Also ready made underwear.

Do you realize how much room we are giving to carpets, curtains and furniture? It will pay you to take a tour over the 4th and 5th floors to see.

Don't think of passing thro' the city without seeing the store.

ST. LOUIS CLOTHING COMPANY,

I. FRENSDORF, - - - - - Manager.

THE RAILROADS.

Conductor Merrifield and wife have left Chicago and returned to St. Louis.

The M., K. & T. has sold eleven World's fair tickets from Denison since June 1st.

"Pete" Latsch has resumed work in the M., K. & T. shops at Denison, after a visit to his parents here.

Mr. James Hooten, of St. Louis, is in the city visiting his little daughter and other relatives.—*Lexington News*.

Mr. Chas. John, of Sedalia, spent several days this week in Lexington visiting the family of his father, Mr. B. T. John.—*Lexington News*.

Division Superintendent Lyons and Trainmaster Davis, of the M., K. & T., are down from Sedalia, putting the finishing touches on the new time card.—*Parsons Sun*.

Conductor Johnnie Manning, a former ticket puncher on the M., K. & T., but for a couple of years running a train on the Iron Mountain in Arkansas and Louisiana, is in the city for a short visit with his legion of friends.

The compound engines recently placed on the Denison section of the M., K. & T. are doing a good deal of hard work, but require careful handling, and the engineers demand extra pay. The engines haul from thirty-five to forty cars of coal over the division.

Lafe Barnard was in a reminiscent mood yesterday afternoon. While driving along the Missouri Pacific he was surprised and tickled to see caboose No. 23, the same one used by him when he was railroading fourteen years ago. Lafe says that his heart thumped in a strange way when he saw the old caboose.

A former Sedalian, at which time he was employed in the M., K. & T. offices, was thus referred to in the *Parsons Sun* of yesterday: "Probate Judge Campbell was in the city yesterday and conducted an inquiry as to the sanity of Gardner S. Willard. The unfortunate man's mind was found to be wholly unbalanced, and it has been decided to send him to Ossawatimie instead of a private asylum at New York."

A Good One on Mounts.

There is a good story going the rounds about Frank Mounts, the genial conductor on the J. C., B. & L. branch, says the *Lexington News*. A gruff passenger was

kicking the other day because he had to pay first-class fare for third-class accommodations, as he expressed it. The conductor replied in a spirited manner, "If it doesn't suit you, get off and walk." The grumbling passenger was not to be squelched. He went Mounts one better, and froze him out when he said: "I would, but my family are not expecting me ahead of time." And he did not have to pay his fare.

Death of Engineer Mansfield.

Walter Mansfield, the Frisco engineer who was injured in a wreck at Verona about two weeks ago, died Monday evening. Mr. Mansfield's injuries were considered serious at the outset, but after the first few days strong hopes of his recovery were entertained.

He has had the best of care all along, but everything was unable to save his life. Engineer Mansfield was about 43 years of age and had been in the employ of the Frisco road for over twenty years. He and Superintendent Thomas were particular friends, both having been long associated together.

An Engineer "At Home."

Engineer George Neeley, of the M., K. & T., was the "victim" of a surprise party last night, on the occasion of his 49th birthday. A large number of friends took possession of his hospitable home, and were most royally entertained by Mrs. Neeley, her accomplished daughter, Miss Maude, and the genial host himself. Music, games, etc., coupled with the serving of choice refreshments, made up a delightful programme, and there was general regret when the time for dispersing rolled around. The *Democrat* extends its congratulations to Mr. Neeley and wishes for him many returns of the day.

Engineer Conrad's Death.

Frank Conrad, one of the best known engineers on the M., K. & T., died at his residence on South Houston avenue this morning at 8:30 o'clock of hemorrhage of the bowels, says Tuesday's *Denison Herald*. He was 38 years of age and leaves a wife and three children to mourn his loss.

Frank Conrad began life as a railroad man with the M., K. & T. in Denison a number of years ago. For a long time he ran as fireman until six years ago he was given charge of an engine, and at the time of his death was running engine 189 on the Fort Worth division. Deceased was an honored member of Division No. 177 of the

Brotherhood of Locomotive Firemen.

Conrad was a man of generous impulses, possessing a large circle of friends who regret his sudden demise, and sympathize with his family in their hour of sadness.
